Southwest Florida Water Man-  
agement District, aka, Swiftmud,  
has elected new officers for its  
governing board. The very capable  
Todd Pressman is chair. He has  
a company that handles land use  
issues, lobbying and political con-  
sulting. Ronald Oakley of Oakley  
Groves, Inc. in Lake Wales is vice  
chair. Plant Citian Hugh Gram-  
ling of Tampa Bay Wholesale  
Growers is secretary and former  
Pinellas County Commissioner  
Sallie Parks is treasurer.

One name notably absent from  
the executive board is Jennifer  
Closshey, aka, water hog. Ms.  
Closshey was the secretary of  
swiftmud's governing board. Nor-  
mally, she would have advanced  
to the next position on the board  
but she found no support among  
her peers. Could it be that her  
insensitivity of using a half mil-  
lion gallons of water, six times as  
much as the average home owner,  
at her Plant City home was too  
much for the rest of the board to  
tolerate? Having her name in the  
media as a water hog while she  
is imposing watering restrictions  
on the rest of us must have been  
embarrassing for the board.
